

Public Education Can Be Saved (Paperback)

By Keith Snelson

Christian Faith Publishing, Inc., 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In 1983 the Department of Education commissioned a group of educators to examine and evaluate our educational system. Based on the previous 20 years of comparisons with other civilized countries the USA was, at best, mediocre. The result was A Nation At Risk which not only identified the problems but also recommended solutions. An example of one conclusion was, Half of the newly employed mathematics, science, and English teachers are not qualified to teach these subjects. Twenty-five years later the Department of Education examined the same system and found that nothing had changed. The results were still mediocre, and nothing had been done to implement the recommendations. Looking at the same situation 13 years later we find the same. Mediocrity and no action. I have written this book based on the recommendations in A Nation at Risk and added a few suggestions of my own to improve our education system and added a few experiences from my serving on a local school board which indicates the difficulty in achieving change. If implemented the book should significantly improve our educational system. However,...

Reviews

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe.

-- Mrs. Maybelle O'Conner

This composed publication is fantastic. I was able to comprehended everything using this composed e book. It is extremely difficult to leave it before concluding, once you begin to read the book.
