Depression is more common than AIDS, cancer, and diabetes combined, and nearly 400,000 people attempt suicide in the U.S. every year. The U.S. alone houses nearly half a million people that desire to take their lives; even without adding the remainder of the world, this number is entirely too high. You were placed on this Earth for a reason! The statistics of how many people do not know why they exist, what they are capable of doing, and why is astonishing. This book is intended to teach you to turn your heartache into laughter, your pain into prosperity, and a bad situation into leverage for astounding outcomes. Here, we will be providing a holistic, entirely natural medication for depression and suicidal ideation, and the power is all within you.
