Mosaic Press, Australia, 2011. Paperback. Condition: New. Language: N/A. Brand New Book. In this collection of sermons and brief history of liberal/progressive Christianity in Australia, religious naturalist, progressive liturgist and social ecologist, Rex A. E. Hunt introduces some of the heroes of the early and current progressive movements in Australia, outlines the story of this contemporary expression, and highlights some of its characteristics. All the time his comments show the results of a progressive theology and biblical literacy that have shaped his sermons and communications between pulpit and pew. Drawing on more than 40 years experience in and around the Australian and international progressive religious movements, this collection is an important resource for all those seeking a relevant faith beyond creed, set answers, and conservative neo-orthodoxy, which have shackled the church ever since the 1970s.
