

Hagenia abyssinica in insect pest control

Filesize: 4.51 MB

Reviews

Extremely helpful for all class of folks. It is really simplified but excitement from the 50 percent of your ebook. You wont sense monotony at any moment of your time (that's what catalogs are for about if you check with me).

(Prof. Zachary Pollich V)

LAP Lambert Academic Publishing Mrz 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - This book is a product of my MSc thesis. It presents the theoretical and practical aspects of insect pest management methods applied in the current agriculture. Botanicals have been an important part of the integrated pest management (IPM) systems. here, the famous plant (*Hagenia abyssinica*) that served for traditional medicine in East Africa to treat internal parasites and malaria was applied as botanical control against pea aphid (*Acyrtosiphon pisum*) and bean weevil (*Acanthoscelides obtectus*). As a traditional medicine it is still used to expel human tapeworm among the majority of Ethiopian societies. The flower and wood extracts of this plant significantly reduced the damage caused by these two important pests of pulse crops. 80 pp. Englisch.
