

Mao and the Chinese Revolution

By Yves Chevrier

Arris Books. Paperback. Book Condition: new. BRAND NEW, Mao and the Chinese Revolution, Yves Chevrier, It has been more than a century since the birth of Mao Zedong. From the collapse of the old Chinese Empire in 1912 to the foundation of the People's Republic in 1949, his history is linked with that of contemporary China and with the history of world communism as well. His version of guerilla warfare and revolution resulted in the construction of a socialist society that became a model of socialism throughout the world. Both a tyrant and rebel, Mao wanted to rule through revolution. Yet the Big Leap Forward (1958) and the Cultural Revolution (1966) plunged China into chaos without saving it from totalitarianism. After 1978, de-Maoisation and economic reforms by Deng Xiaoping helped heal the country's wounds, but the future remains uncertain. Whether China should be an empire united or broken, serenely "open" or in conflict, democratic or authoritarian, egalitarian or prosperous - so many lingering questions remain of those that Mao and his generation began asking nearly a century ago. Was the Maoist Revolution futile? Would China have been better off without Mao-and is such a thing imaginable?.

Reviews

This is actually the best book i actually have go through right up until now. It generally will not price an excessive amount of. I discovered this book from my dad and i suggested this book to understand.

-- **Norma Carroll**

Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).
