Reviews

It is great and fantastic. It can be written in easy phrases and never hard to understand. You will not really feel monotony at any time of your respective time (that's what catalogues are for concerning if you request me).
(Michel Halvorson)

M18 HELLCAT TANK DESTROYER WALK AROUND.

Squadron Signal Publications, 2012. Condition: New. 80 pages, 230 color photographs, 5 color photographs, 5 line drawings, and 4 profiles. Though relatively lightly armored, Buick's M18 Hellcat could top 55 MPH, making it the fastest armored fighting vehicle fielded during World War II. The Tank Destroyer men who crewed these vehicles used this speed and the Hellcat's 76mm high-velocity cannon to destroy German tanks; firing at the vulnerable areas of the enemy, and then racing away before coming under fire themselves. This volume examines the three principal variants of the Hellcat - the preproduction T70, early M18, and late M18, using ample visual reference to document these vehicles - and their differences - inside and out. Engine and drive train, driver's compartment, weapons and sighting systems, and stowage - both interior and exterior - are all carefully presented. Brand new 11 x 8 paperback. SS27029 sale.
