Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The author s intention is to show, by means of what is here called mystical knowledge, how the source of Christianity prepared its own ground in the mysteries of Pre-Christian times. In this Pre-Christian mysticism we find the soil in which Christianity throve, as a germ of quite independent nature. This point of view makes it possible to understand Christianity in its independent being, even though its evolution is traced from pre-Christian mysticism. If this point of view be overlooked, it is very possible to misunderstand that independent character, and to think that Christianity was merely a further development of what already existed in pre-Christian mysticism. Many people of the present day have fallen into this error, comparing the content of Christianity with pre-Christian conceptions, and then thinking that Christian ideas were only a continuation of the former. The following pages are intended to show that Christianity presupposes the earlier mysticism just as a seed must have its soil. It is intended to emphasise the peculiar character of the essence of Christianity, through the knowledge of its evolution, but not to extinguish it.
