

Forest Defenders: The Confrontational American Landscape (Hardback)

Filesize: 2.53 MB

Reviews

*The publication is great and fantastic. It can be filled with knowledge and wisdom You wont truly feel monotony at at any moment of your time (that's what catalogues are for about if you ask me).
(Dr. Marcos Grimes III)*

FOREST DEFENDERS: THE CONFRONTATIONAL AMERICAN LANDSCAPE (HARDBACK)

powerHouse Books,U.S., United States, 2008. Hardback. Condition: New. Language: English . Brand New Book. Whether he s in a dingy fluorescent basement or a beautiful sunlit forest, LaMarca always manages to finesse something amazing. --Paul Moakley, Newsweek Controversy erupted in March 2005 when, with the blessing of the Bush administration, logging companies began sawing into old growth reserves (sections of the federal forestland set aside for threatened wildlife). Two months later, the administration fanned the flames by repealing the 2001 roadless rule, which protected 58 million acres of pristine roadless wildlands on the National Forests across the country. The states of Oregon, Washington, California, and New Mexico filed suit against the Bush administration for violating federal environmental law. The Forest Defenders responded as well. These activists, labeled radicals and even eco-terrorists by the timber industry, are fighting to save some of the last truly wild places left in America. For the past five years, Christopher LaMarca has been documenting these much-maligned advocates who are willing to sacrifice their comforts and freedoms to stand up for wildlands. Forest Defenders: The Confrontational American Landscape offers insight into the lives of these extremely dedicated, politically sophisticated, and well-organized environmental activists.
