*This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Book Condition: New. Ships From Canada. New in new dust jacket. Sewn binding. Cloth over boards. 224 p. Audience: General/trade. Book Description From one of the most original writers now at work, an expansive, learned, and utterly charming reverie on what it means to be lost in a book Louis Menand, writing in *The New Yorker*, called Geoffrey O'Brien's *The Phantom Empire* "a prose poem about the pleasures and distractions of movie-watching, " "an ambitiously literary attempt to write about the [mystery of the] medium as though it were a dream the author had just awakened from. " Now, in *The Browser's Ecstasy*, O'Brien has written a prose poem about reading, a playful, epigrammatic nocturne upon the dream-state one falls into when "lost in a book, " upon the uncanny, trancelike pleasure of making silent marks on paper utter sounds inside one's head. We call *The Browser's Ecstasy* a "Meditation on Reading, " but like any truly original book-and especially the short book that goes both far and dee.
