Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Descriptions of Maryland From the time when Lucas Vasquez de Ayllon sailed to America and entered the Chesapeake Bay, many travellers have entered the territory now embraced in the State of Maryland and have written accounts of what they found there. Other descriptions of the State or of parts of it have been written to serve as guide - books to strangers. Still other descriptions, more or less imaginary in character, are found in the pages of works of fiction. It seemed a task worthy of performance to gather together the references to the State found in works in the classes above named and to prepare a chronological bibliography of the descriptions of Maryland. No claim for completeness is made for the list of books; but, at the least, it forms a good working basis for the student. To several classes of investigators the list should prove of use: the man interested in the State s history, the chronicler of local conditions, the student of the manners and customs of the people at any given epoch, and the biographer who may find references to the man whose life he is studying. Most of the books included in the list are contained in the valuable collections of the Enoch Pratt Free Library, and the preparation of the monograph has been possible only because of the cordial co-operation and painstaking care of Miss Anna M. Doerksen, Superintendent of Circulation in that institution. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format...
