Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A virtual-reality novel from a time before virtual reality, Simulacron-3 is a prophetic tale of a future where nothing is as it appears to be. Douglas Hall is part of a team that builds an artificial environment to simulate reality. This enables them to get public opinion polls without waiting for the opinions of people around them. But then something goes terribly wrong and his partners on the program start disappearing. But is it a simulated disappearance, or is someone out to get them all? And what is the true nature of reality?.
