Cavalier Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The object of these few pages is not to recount once more the history of the Revolution: that can be followed in any one of a hundred text-books. Their object is rather to lay, if that be possible, an explanation of it before the English reader; so that he may understand both what it was and how it proceeded, and also why certain problems hitherto unfamiliar to Englishmen have risen out of it. If a personal point may be noted, the fact that the writer of these pages is himself a Catholic and in political sympathy strongly attached to the political theory of the Revolution, should not be hidden from the reader. Such personal conditions have perhaps enabled him to treat the matter more thoroughly than it might have been treated by one who rejected either Republicanism upon the one hand, or Catholicism upon the other; but he believes that no personal and therefore exaggerated note has been allowed to intrude upon his description of what is a definite piece of objective history lying in the field of record rather than in that of opinion. -- Hilaire Belloc.
