

Paranoia: Between Leadership and Failure: The Revenge of Psychopathy Against the Psychiatrist (Paperback)

Filesize: 2.11 MB

Reviews

Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Llewellyn Terry)

PARANOIA: BETWEEN LEADERSHIP AND FAILURE: THE REVENGE OF PSYCHOPATHY AGAINST THE PSYCHIATRIST (PAPERBACK)

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Since the concept of the paranoid, or one who is paranoid, was introduced into psychiatry, it has garnered controversy. Some claim that paranoia is simply a variation of normality, while the American Psychiatric Association has limited its use of the term to only those suffering delusions of persecution. But Italian psychiatrist and author Paolo Cioni argues that European psychiatry offers a more realistic description of the paranoid and, more importantly, that dismissing paranoia as a variant of normal behavior represents a serious danger in today's always-online world. Cioni makes the bold statement that, unlike other mental disorders, paranoia is contagious. He divides paranoids into two groups. The first consists of the weak paranoids, whose fear and isolation make them socially dangerous. The second group consists of the far more threatening strong paranoids who, armed with their delusional convictions and abetted by the Internet's ability to attract like-minded individuals, build a base of followers and become social or political leaders with predictably damaging results. With patience and expertise, Cioni reveals how to identify and deal with paranoids. Readers will ultimately learn a series of specific rehabilitation interventions designed to combat their faulty understanding and help them lead healthier, less disruptive lives.
