Carcanet Press Ltd, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book. Greenfields is a lyrical document of growing up in a quiet but fast-changing corner of Scotland caught at various stages in the last decades of the twentieth century. This collection reclaims suburbia - the rurban as Price prefers to call it - as a place of unexpected poetry. Alive to the downsides of dormitory towns , Greenfields evokes the bittersweet qualities of places that are neither quite urban nor quite rural but have in fact a fascinating hybridity, even beauty. As with the acclaimed Lucky Day , this collection is particularly sensitive to the nuances of family relationships, but new here is an uncanny evocation of a child s developing perspective of friends, siblings and parents. The theme of a modern territory superimposed onto a much older one, hinted at in Lucky Day , is more fully developed now as Price elegises the ancient landscape of the little-known county of Renfrewshire, southwest of Glasgow. Several kinds of time - geological, dynastic, family, and lovers time - are set against the rapacious speed of modernity as construction and telecoms transform whole ways of life. Price is also confirmed in this book as a love poet of great delicacy. In the sequence that braids many of his concerns together, Tube Shelter Perspective, he demonstrates that he is a writer, in the words of John Kinsella, who has given late modernism an injection of humanity it has long required.
