Reviews

Comprehensive guide for ebook lovers. It is written in simple words and phrases and never confusing. You are going to like how the writer create this pdf.

(Dr. Cullen Schmitt MD)

TOWARD A PSYCHOLOGY OF ART: COLLECTED ESSAYS (PAPERBACK)

University of California Press, United States, 2010. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. From the Introduction: The papers collected in this book are based on the assumption that art, as any other activity of the mind, is subject to psychology, accessible to understanding, and needed for any comprehensive survey of mental functioning. The author believes, furthermore, that the science of psychology is not limited to measurements under controlled laboratory conditions, but must comprise all attempts to obtain generalizations by means of facts as thoroughly established and concepts as well defined as the investigated situation permits. Therefore the psychological findings offered or referred to in these papers range all the way from experiments in the perception of shape or observations on the art work of children to broad deliberations on the nature of images or of inspiration and contemplation. It is also assumed that every area of general psychology calls for applications to art. The study of perception applies to the effects of shape, color, movement, and expression in the visual arts. Motivation raises the question of what needs are fulfilled by the production and reception of art. The psychology of the normal and the disturbed personality searches the work of art for manifestations of individual attitudes. And social psychology relates the artist and his contribution to his fellow men. A systematic book on the psychology of art would have to survey relevant work in all of these areas. My papers undertake nothing of the kind. They are due to one man's outlook and interest, and they report on whatever happened to occur to him. They are presented together because they turn out to be concerned with a limited number of common themes. Often, but unintentionally, a hint in one paper is expanded to...
