In simple terms, it basically means to reach ones full potential. Oh God, what is potential? Potential is defined as capable of being, but not yet in existence of; existing in possibility. Potential, is what we are after and why I sat down to write this book. If you don t know what your potential is, you really won t know how to proceed with the process of empowering it. This short book, packed with powerful tools, will help you fine tune your outside of the box kind of thinking to the possibilities that await you.
