RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 70 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 Excerpt: . . . the course of Mexican history, the geographer is in a position to point to the prosperity of well-watered regions and to suggest a remedy in the shape of irrigation. The driest section of Mexico's arid zone contains ample reserves of water 10 H. H. Bancroft, Native Races of the Pacific States, Vol. III, p. 324. in depth. The problems of deep boring have been satisfactorily solved by modern engineering. The conversion of Mexico's deserts into fertile tracts only awaits human enterprise. At a short distance beyond the northern banks of the Rio Grande, the former barren environs of the town of San Antonio have been converted into a veritable Eden within the duration of a single generation. A glimpse into the realm of pre-Columbian art affords a pleasanter outlook. The ancient Mexicans had painters and sculptors whose work has not been excelled among aboriginal American peoples....
