

The Myth and Mystery of UFOs (Hardback)

Filesize: 7.1 MB

Reviews

A fresh e-book with a brand new standpoint. Sure, it is play, nevertheless an interesting and amazing literature. Its been printed in an extremely straightforward way and it is just soon after i finished reading this pdf where in fact modified me, change the way in my opinion.

(Deondre Hackett)

THE MYTH AND MYSTERY OF UFOS (HARDBACK)

University Press of Kansas, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book. When United Airlines workers reported a UFO at O Hare Airport in November 2006, it was met with the typical denials and hush-up that usually accompany such sightings. But when a related story broke the record for hits at the Chicago Tribune s website, it was clear that such unexplained objects continued to occupy the minds of fascinated readers. Why, wonders Thomas Bullard, don t such persistent sightings command more urgent attention from scientists, scholars, and mainstream journalists? The answer, in part, lies in Bullard s wide-ranging magisterial survey of the mysterious, frustrating, and ever-evolving phenomenon that refuses to go away and our collective efforts to understand it. In his trailblazing book, Bullard views those efforts through the lens of mythmaking, discovering what UFO accounts tell us about ourselves, our beliefs, and the possibility of visitors from beyond. Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien --and how it views relentless official denial as a part of conspiracy to hide the truth. He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos. Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions, magically advanced technologies, governmental conspiracies, varieties of religious salvation, apocalyptic fears, and other paranormal experiences. Along the way, Bullard investigates how UFOs have inspired books, movies, and television series; blurred the boundaries between science, science fiction, and religion; and crowded the Internet with...
