Forgotten Books, 2017. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Excerpt from Le Paris de l Ere de la Science Capitale de l Univers L experience des siecles, celle du notre, si effroyable encore, depuis ses premiers jours jusqu aux derniers, montre donc que les conducteurs fideistes et rationalistes sont, malgre les plus superbes efforts, impuissants a organiser les societes dans l ordre libre et la Justice. II. Je n ai donc pas seulement pour but d embellir Paris, je voudrais en faire par ses monuments la cite symbole de l ideal scientifique et social de la France, fe dirai meme du monde, car toute science faite est uni verselle et accomplit l unite des esprits et des nations. Je voudrais en un mot qu elle fut le symbole de la Federation des peuples, cet ideal que depuis plus de cent ans la France a donne au monde et qu on reprend par bribes qui n ont pas de vie. Je voudrais le montrer realise et vivant d avance, pour inviter tous les peuples si apremment dresses les uns contre les autres, a cette union magnifique C est l instant, ils vont se trouver rapproches une heure pour l exposition. Mais qu en sortira-t-il ? La jalouse economique, la colere du lucre, la fureur de la prie maute des ventes. Je voudrais qu on vit plus loin et plus haut, et qu au dessus des antagonismes meprisables on sentit la grande union possible.
