Reviews

This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I ve sworn off men. All men. Famous last words, right? You re expecting some epic tale of reluctant love and my dramatic change of heart? Well, you re not going to get it. I m stubborn. And headstrong. And I ve just survived the worst three years of my life. After escaping an abusive boyfriend to live in hostels and cheap hotels while I worked my way across Europe, I ve come to two conclusions. The first? Now that I m back home, I m going to squander my expensive culinary degree on a food truck that caters to the late night drunk crowd. The second? I m going to prove to the bastard across the plaza that my street food is better than his fussy five course monstrosities. Killian Quinn might be Food and Wine s Chef to Watch Out For. He might have a Michelin Star. He might have every food critic in the city wrapped around his too-large fingers. But he s also pretentious and unbearably arrogant and the very opposite of me. So he can keep his unsolicited advice and his late night visits and his cocky smiles. I want none of it. Or him. I want the opposite.
