Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.There is a growing movement in America to turn America into a secular state. One way to do that is to re-write history and to remove every trace of God, Christ, the Bible, and our Christian heritage from the history books. Who would have ever dreamed that we would live to see the day when American college students would be protesting the celebration of Columbus Day in America? What in the world is going on? We will tell you what is going on. History is being revised, facts are being distorted, textbooks are being dumbed-down, and students today have become the victims of mis-education. Thanks to multiculturalism, students are being taught a strange new view of history. For example: Students are taught that Africans really discovered America by crossing the Atlantic on rafts, hundreds of years before Columbus. Students are taught that the ideas found in the US Constitution were really borrowed from the Iroquois Indians. Students are taught that the ancient Greeks and Romans stole all of their ideas from the Egyptians who were black. Students are taught that nearly everything wrong in the world today can be blamed on Columbus and the White males. This book was written to provide our readers with an honest evaluation of the controversy surrounding several important holidays. For example; . - Did Columbus Really Discover America? - Why Celebrate Thanksgiving? - Why Celebrate the Fourth of July? - Earth Day: America s New Green Religion - Should Christians celebrate Halloween? - Was Jesus really born on Christmas Day? - Why Celebrate Easter? This book was written to provide answers to these and other similar questions.
