Diabetic Handy Book. Learn About Type 1 and Type 2 Diabetes. The diagnosis of diabetes can be confusing and cause a number of questions and complications. Unfortunately, diabetes can be fatal if not treated properly. Therefore, it is crucial to understand this condition so you can care for yourself upon diagnosis of diabetes. When a person has diabetes, their body does one of two things. Either insulin is not produced in the amount the body needs or the body's cells have created sensitivity to insulin, thus preventing it from binding. Both of these situations cause the body's blood sugar levels to dangerously peak. One reaction, which is felt immediately by someone with diabetes, is exhaustion from not receiving adequate fuel. Diabetes can wreak havoc on your body, especially during periods where the diabetes is not under control. Therefore, it is important...
