

## Adobe Acrobat and PDF for Architecture, Engineering, and Construction

By Tom Carson

Springer-Verlag GmbH Apr 2006, 2006. Taschenbuch. Book Condition: Neu. 256x181x18 mm. Neuware - 'Acrobat® and PDF for Architecture, Engineering, and Construction' is a practical guide focusing on the applications of PDF in the solution of 'engineering' problems which may arise in various disciplines from architecture to construction. Using real-world examples, the authors follow a project from design through build and long-term maintenance. Readers can take full advantage of the power of PDF in an engineering environment by employing: review tracking; geo-referenced drawings; common format CAD and configuration management; reduced review and approval time with better document control; and project management advice. Chapter summaries, example and sample projects followed throughout the book demonstrating the use of the various PDF capabilities introduced and end-of-chapter exercises facilitate self-teaching. For professionals of all walks of life from electrical, civil and mechanical engineers to architects and construction managers with levels of expertise ranging from the intermediate to advanced. 247 pp. Englisch.
