

## Vertical Gardening Tips for Beginners (Paperback)

By Timothy Tripp

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Vertical gardening is the process of gardening that is done vertically or upward. While the traditional gardening process is gardening with plots on the ground, vertical gardening is a different approach to gardening as it aims to plant crops in a vertical position or standing position. This can either be done through hanging plots or with frameworks as long as plants are not planted on the ground like in traditional gardening. There are several advantages of vertical gardening. One, vertical gardening is a great space saver. Since your garden is positioned vertically, it does not take up too much space in your backyard, giving room to more plants to be planted. Two, vertical gardening is a very flexible type of gardening because it allows you to plant or to build a garden even in an area with limited space. For instance, if you are only gardening on your rooftop or you only have a very small backyard, it is possible for you to plant many crops through vertical gardening even with that limited space you have. If you want to build a...
