

Flow: The Making of the Omega Centre

Filesize: 5.51 MB

Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Salvador Lynch)

Oro Editions, United States, 2011. Paperback. Book Condition: New. 229 x 226 mm. Language: English . Brand New Book. Flow chronicles the Omega Center for Sustainable Living at the Omega Institute for Holistic Studies in Rhinebeck, New York. Designed by BNIM Architects, the OCSL embraces the concept of sustainable design and construction to the fullest, certifying it as a Living Building striving to have a net zero impact. Built in 2009, the center is an anchor for the groups environmental efforts, and brings together state-of-the-art energy and waste systems, efforts to work with area farms and organic growers, and a teaching facility that demonstrates local solutions to global problems. Its unique location on one of the most important watersheds in the world--the 13,400-sq mile Hudson River watershed basin--informs its dedication to water quality and responsible stewardship.
