The masterpieces from the rich collection of the State Russian Museum in St. Petersburg reflect every aspect of life including labor and poverty, the world of children, public festivals, war and death, scenes from bourgeois life, and revolution. In literature, music, and fine arts, the "Russian spirit" is depicted as a world of emotions in which love, sorrow, and death run rampant. After the 1860s, Realist conventions came to dominate the genre scenes. Progressive artists of Russia began portraying the fundamental problems of the period such as social injustice, serfdom (until 1861, peasants were considered as property of landowners in Russia), child labor, subjugation of women, and poverty. Daily life thus became a point of interest in art. In the 1870s and particularly after the 1880s, a more positive attitude came into view; the artists gradually diverged from depicting painful worlds. The public was no longer the victim, but a powerful subject. A tendency to poeticize folklore, as well as the public perception of nature and the universe began to emerge. Social problems were addressed in their entirety; analysis replaced condemnation. The exhibition which includes...
