

Transactions of the American Institute of Electrical Engineers Volume 26, PT. 1

Filesize: 7.96 MB

Reviews

Without doubt, this is actually the greatest operate by any writer. It is really basic but surprises within the 50 percent of the ebook. I discovered this ebook from my i and dad recommended this ebook to understand.

(Mrs. Chelsea Hintz)

TRANSACTIONS OF THE AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS VOLUME 26, PT. 1

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 Excerpt: .by an arrangement such as shown in Fig. 32. In this case the same paths of breakdown for the different frequencies are retained, but now if low-frequency breaks down the gaps in series with the high resistance, the entire voltage less that consumed in the arcing gaps is concentrated across the next highest division of gaps. These, if correctly designed, will at once break down, passing the strain still farther up the arrester, and so on, the arrester breaking down in sections until it is either completely broken down or the line voltage 6 0 0 0 0 0 0 0 0 0 0 0 0 0 9. has been lowered by the current flowing through the resistance. This idea has been worked out in the design of a new line of arresters described below. The Graded Resistance Lightning Arrester During the last year a very large amount of experimental work has been done to develop the multigap arrester, and it is felt that the results obtained will be, so far as can now be seen the maximum development of this type of apparatus. The multigap lightning arrester has had the property of responding more readily to high frequencies than to low. In the new designs, however, by the use of resistance, as just described, this has been, so that a low frequency now discharges with the same facility as high frequency, and the discrimination with regard to that condition is largely...
