RURAL SCHOOL SURVEY OF NEW YORK STATE: FINANCIAL SUPPORT (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Rural School Survey of New York State: Financial Support Such a method is believed superior to the usual comparative method of utilizing data from several or many states, which necessarily present different conditions foreign to the one surveyed. Since the most important fact revealed by the study was the great differences among the various rural school districts, whether organized as common school districts, as townships, or as community districts, both in their ability and in their desire to support good schools, the organization of the material has seemed inevitably to take that form which seemed best adapted to show the ways in which central, or state, support might be used so as to obviate the effects of these deficiencies wherever and so long as they existed, and to remove the causes thereof as soon as possible. Thus, from this point of view the study may be considered as having as a minor theme the state support of local schools. The author has had considerable difficulty in determining which tables to incorporate in the text, which to put into the Appendix, and which to omit altogether. The basis for the final decision adopted was - (1) to take out of the text those tables which, although logically belonging to it, but because of their number or size, would interfere with its facile reading; (2) put into the Appendix all of these tables thus excluded and also such others as it seemed necessary to include in order to show that correct scientific methods had been followed; and (3) to omit all other tables. (The essential summaries of these omitted tables are, however, contained in the printed tables.)...
