Career as an Osteopathic Physician: Doctor of Osteopathy (Do)

By Institute for Career Research

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.THERE ARE OVER 43,000 OSTEOPATHIC physicians in the United States, providing a system of medical care based on a philosophy that the human body has self-healing abilities. In order to facilitate those abilities, the osteopathic doctor practices a whole person approach. While the goal of traditional medical doctors is to treat specific symptoms, osteopathic physicians concentrate on treating the patient as a whole. It is important to make this distinction. Osteopaths, who are trained outside the United States are not physicians. Their practice is limited to non-invasive manual therapies, including touch, physical manipulation, stretching and massage to increase the mobility of joints, to relieve muscle tension, and to help energize the body's own healing mechanisms. Those trained in the United States are known as osteopathic physicians (or Doctors of Osteopathy or DOs), and they practice the entire scope of modern medicine. They receive all the training and provide the same healthcare services as medical doctors (MDs). DOs understand how all the body's systems are interconnected and how each one affects the others. They are trained to...

Reviews

It is one of the most popular books. I am quite late in starting reading this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Camille Larson**

Basically no words to describe. We have read through and I am sure that I am going to go back and read it once more once again later on. You may like just how the author composed this publication.
