## MODELING OF OXIDE BIFILMS IN ALUMINUM CASTINGS

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | Application of the Immersed Element-Free Galerkin Method to Model the Fluid-Structure Interaction of Highly Deformable Solids and Newtonian Fluids | Porosity is known to be one of the primary detrimental factors controlling fatigue life and total elongation of several cast alloy components. The two main aims of this work are to examine pore nucleation and growth effects for predicting gas microporosity and to study the physics of bifilm dynamics to gain understanding in the role of bifilms in producing...

### Reviews

*Comprehensive guideline! Its such a good read through. It is actually written in basic words and not confusing. I am just easily could possibly get a enjoyment of reading a composed book.*

-- **Lonzo Wilderman**

*A very wonderful book with lucid and perfect answers. It is probably the most incredible book i have study. Its been designed in an exceptionally simple way and is particularly just after i finished reading through this publication by which in fact transformed me, alter the way in my opinion.*

-- **Macey Schneider**
