The data were collected through seven Fast Response Survey System (FRSS) surveys during the 2009-10 school year. This report provides national data about arts education for public elementary and secondary schools, elementary classroom teachers, and elementary and secondary music and visual arts specialists. A later report will present findings on a broader set of indicators on the status of arts education in 2009-10 and comparisons with data from the 1999-2000 study where applicable.
