## Exploring the American Mus of Nat H (Paperback)

By Patricia J. Wynne

Dover Publications Inc., United States, 2004. Paperback. Condition: New. Language: English . Brand New Book. Founded in 1869, the American Museum of Natural History in New York City has played an important role in promoting an understanding of world cultures and a comprehension of the natural sciences. Among its most important achievements has been the accumulation of artifacts -- from reconstructed dinosaur skeletons and stuffed birds to tribal costumes and primitive sculptures. This coloring book takes young fans of natural history on an exciting tour that covers 23 amazing subjects in the Museum's permanent collection, as well as the Rose Center of Earth and Space. Included are depictions of an elephant herd, the skeleton of a gigantic Tyrannosaurus rex, a lifelike Komodo dragon, an Easter Island sculpted head, a Haida canoe, the Star of India sapphire, and a hut built of mammoth bones. An informative caption accompanies each accurately rendered picture. Suitable for ages 6 and up.

### Reviews

*This ebook is wonderful. It typically does not expense too much. You wont really feel monotony at at any time of your own time (that's what catalogs are for relating to should you request me).*

-- **Milan Turner**

*A whole new e book with a brand new point of view. I could possibly comprehended every thing using this written e book. Its been written in an extremely simple way which is only soon after i finished reading through this ebook by which actually modified me, change the way in my opinion.*
