

Desarrollo de competencias básicas con aplicaciones web 2.0

By Rodríguez Cortés, Felipe

LA MURALLA, 2014. Condition: Nuevo. En los últimos años asistimos a un vertiginoso desarrollo de las aplicaciones en Red: redes sociales y aplicaciones on-line que nos permiten estar permanentemente interconectados y trabajar conjuntamente en tiempo real. En este libro indagamos de qué modo estas novedosas herramientas TIC pueden modificar los enfoques didácticos y los modelos de organización escolar, contribuyendo al desarrollo e implantación de una cultura interactiva en Educación Secundaria: herramientas para un cambio metodológico. Tratamos de averiguar en qué medida estas aplicaciones colaborativas modifican el proceso de adquisición de las competencias básicas. No queriendo caer en falsos triunfalismos, analizamos las luces y sombras de todo este proceso a través de una experiencia concreta: la puesta en marcha de la edición on-line de una revista de ciencia, elaborada por alumnos de Bachillerato que utilizan aplicaciones del entorno web 2.0 y metodologías de trabajo colaborativo en sus investigaciones sobre distintos temas científicos y tecnológicos. Se trata, en definitiva, de una invitación para el profesor que busca un cambio metodológico para el desarrollo de las competencias científicas con un enfoque transversal.

Reviews

It is one of the most popular book. It really is filled with wisdom and knowledge You may like how the article writer publish this pdf.

-- **Kellie Huels**

Definitely among the finest publication I have got possibly read. It is really simplified but shocks from the 50 % of your pdf. Your life span will be convert as soon as you total looking over this book.
