Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modified the way I really believe.

Finally, a friendly book to read on the globalization of markets with an Aha moment! Question? Would you go out into the world market and cold call chambers of commerce, businesses, and economic development institutions, for three years? Is finding a solution to economic development your passion? What are the things that are working and not working in attracting investment, developing trade relationship and creating value for SME s worldwide? When was the last time you fully invested your time, resources and education to really understand what is happening in the world market? These are some of the issues that Aldous, personally answered and reflected on with various business executives worldwide. Those were also the real international business issues that Aldous pondered on day in and day out in a course of three years in order to really understand the challenges in the new world market environment and provide VALUE in creative problem solving. Shining a light to a puzzling subject! Aldous Mina, not only wrote about his observations and conversations he also lived many of his interpretation of the new world market environment that is very relevant today. Furthermore, a large amount of his solutions are the typical outside the box thinking that few have thought about. Al s passion from a young age of thirteen was in the international markets which is probably not the most common hobby there is, but he knew from then on that he would be a solution provider to global market development. He consulted with multinational organizations such as the World Bank Group, IMF, UNDP, EBRD, OSCE, Peace Corps, USAID, Oracle, Xerox, and others more to investigate and find a way to influence market...
