In the book *On Philanthropy in America*, Fridrikh Furman explores how the universal phenomena of charity and philanthropy acquired in the New World uniquely American appearance and traits, how they have matured, and how they work in our times. The author aims to show Russian readers the diverse and ever-changing world of American philanthropy and nonprofit organizations. A world that clearly presents a unique phenomenon of the United States civic society, and often gives America the title of the most philanthropic nation on the planet. As the foundation for the book, the author used a large body of primarily American literary, informational, and statistical resources, his own experience as a volunteer for local philanthropic organizations, as well as first hand observations and research. The author attempts to explore the complex world of American philanthropy using a comprehensive and multifaceted approach. On one hand, he portrays the development of philanthropy in America, from ideas and practices of colonial era, to the rapid expansion in scale and radical transformation in nature after World War II, and on through the recent years. On the other hand, he describes the contemporary diversity of ideological and legal concepts in philanthropy, its organizational and economic forms, donor behavior and incentives, and funding sources of contemporary non-profits. The book analyzes different and often conflicting views of American researchers and observers on the nature and place of philanthropic and nonprofit organizations in American society. In this analysis, the author leans towards a more comprehensive representation of the views and approaches of American experts, rather than his own commentary, on the assumption that the former are more interesting to Russian readers than the latter. To succeed in these complex tasks, the author...
