Summersdale Publishers, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. Find out what men really think about apart from sex. For millennia, humans have marvelled at the difference between men and women. It's widely known that the female gender is far superior to men in most areas - emotionally, cognitively and socially. But, to date, the complex secrets of a man's mind have eluded science. Apart from `sex`, what does a man actually think about? In this groundbreaking book, Professor Sheridan Simove reveals the true depth of a man's mind. After years of painstaking research, he has precisely identified what men actually think about apart from sex. Professor Simove beautifully reveals a man's mind as an open book and the results unlock an age old secret.
