

The Nerd's Guide to Pre-Rounding: A Medical Student's Manual to the Wards (Paperback)

Filesize: 5.86 MB

Reviews

*The publication is straightforward in study better to fully grasp. It is definitely simplistic but excitement inside the 50 percent of your publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This 2006 book is a how-to guide for medical students moving from the classroom to the clinical/hospital setting; a particularly stressful transition in a student-physician s career. This handbook is made up of short, easily digestible passages that advise students on everything from reading an EKG or chest x-ray to tips on dealing with difficult residents and what to wear on wards. Passages are peppered with light-hearted anecdotes to bolster the spirits of students intimidated and overwhelmed by their responsibility as fledgling doctors. The handbook has been developed by Dr Richard Loftus, who wrote the first version of this guide after his 3rd year at University of California, San Francisco (UCSF). It contains appendices of useful information, including a PDF file of full size forms that can be accessed from our website.
