Educational Community, Inc., The. Paperback. Condition: New. 138 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. So frequently is it pointed out that the human race has acquired the means of its own destruction that the shocking fact no longer shocks us. Everyone has heard it but no one takes it seriously. . . . Senator J. William Fulbright SEVEN WORD SWITCHES is better heard as a red alert wake-up call than read as a book. Our loved ones are about to have their precious lives prematurely ended by the deliberate push of a button, human misjudgment, or mechanical error. Einstein, our most informed scientists, credible futurists, governments, peace groups, the United Nations Committee on Nuclear Weapons, the Physicians for Social Responsibility, the daily news, and common sense among others warn us that weapons with ultimate destructive power (WUD) will be unleashed within the near future. Yet, we remain in a stupor lacking common sense plan to prevent the predictable human catastrophe. From the first life on earth, learning has proceeded by trial and error. When Einstein understood his E=mc² formula could unleash the energy of the sun he realized that WUD that offer no second chance are incompatible with trial and error thinking. He told us his most brilliant insight: We will drift to human catastrophe unless we do one thing: We shall require a newer way of thinking (ANWOT) . Multiple tribes proliferate WUD; none have heeded his solution. Some already say it is their religious and moral right to use them. Leaders say prevention is making more nukes; others say this is insane. What do you think Here is wonderful news. We now have the knowledge, wisdom, and technology to rapidly teach Einstein's solution. Seven WordSwitches offers the fastest, easiest, most enjoyable and effective way to teach ANWOT and the...
