Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. An industry insider reveals the inner workings of our financial system and the agencies who attempt to control it. During his dozen years as an SEC attorney, author Richard Sauer opened and supervised some of its most notable financial cases-investigations that took him to a dozen countries and returned hundreds of millions of dollars to American investors. While a partner at a major law firm and, later, a hedge fund manager, he saw firsthand the follies and failures of our system. Now, in *Selling America Short*, he shares his extraordinary experiences with you. *Selling America Short* is a gripping chronicle of crooked companies, financial philanderers and hapless enforcers told through the eyes of personal experience. Page by page, it shows the damage wrought by the deep biases and lack of worldly experience common among those who hold the reins of our capital markets. Sheds light on the inner workings of our financial system Takes you on a fascinating journey of a rogue s gallery of crooked executives, professional fraud enablers, and squirrely technocrats Offers a firsthand account of the many ways contrarian views of public companies are suppressed and punished, depriving the market of critical information With the capital markets in turmoil, people are fascinated with what is happening on Wall Street. This book provides a unique look at the forces and events that led directly to financial tragedy and continue to wreak havoc.
