

The Endless Life (Paperback)

By Samuel McChord Crothers

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Endless Life, by Dr. S. M. Crothers, was the Ingersoll Lecture for 1905. It presented the point of view of the idealist, who, while cognizant of the Everlasting Nay which science is believed to have pronounced against human immortality, still holds that there are regions in which science cannot properly dictate, and that in these regions the hopes and inferences and implications of the spiritual life are entitled to full respect. Dr. Crothers writes without dogmatism, in a fine, genial tone, and enriches his discussion with many pertinent quotations. His words cannot fail to give strength to many readers. The method of choosing the Ingersoll lectures so that philosophy, science, history, and religion have in turn their spokesman is truly excellent.

Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Ms. Teagan Osinski III**

Without doubt, this is the very best work by any writer. Indeed, it can be play, still an amazing and interesting literature. I am just very easily can get a pleasure of reading through a written pdf.

-- **Alda Barton**
