A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).

Paperback. Book Condition: New. Paperback. 190 pages. Its Christmastime in suburban New Jersey, where the geeky and good-hearted Ben Mitchell has spent the past 4 years counting the days until he can move onto college and reinvent himself. Syd Raines spends her time with the Goth crowd, the closest thing she has found to kindred spirits, though mostly on a superficial level. The only thing that Ben and Syd seem to have in common is the daily abuse they take from the High School Power Elite. That is, until they both flunk a Chemistry test, and are given a choice between, or working on the dreaded Winter Dance Decorating Committee, or being stuck in high school purgatory. Reluctantly, they are forced into an uneasy partnership that will take two outsiders further away from where theyre used to being, but perhaps closer to where theyre meant to be. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
