2011. Hardcover. Book Condition: New. 266 pages. English Live-in Relationship-Sex and Beyond's simply a peep into the privacy of individuals who have now openly come up with their views for or against the fundamentals of cohabitation. The book quotes the instances of unwed couples from Indian Mythology underscoring that both pre-marital sex after marriage with another man or woman was a fact. The book deals with all the emotional and financial issues attached to the concept of 'Live-in'. The book is definitely going to benefit those who are already having the live-in relationship with someone or are planning for such an adjustment in the coming days. Speaking in terms of legal practices, how to define what a live-in relation is? Who will decide that it's actually a live-in relation? Is it enough that one guy and one girl stay together in one flat without any paperwork or bond and call it a legal live-in relationship or they need to have sex at least once so as to confirm it as legal? The book answers all such queries in detail. The book is mainly based on the basis of Agreeing and Disagreeing people who have put forward their points of view and have come out with their respective ideas in opposition or support of the 'Concept of Cohabiting' or 'Living-in'.
