

Cancer Fighting Diet: How to Fight Cancer the Ketogenic Diet Way and Naturally Eliminate Cancer as a Metabolic Disease from a Cancer Fighting Kitchen Today! (Paperback)

By Pamela Stevens

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. Well, to put it succinctly, the cause of cancer can be simply called a mistake! Yes, a mistake in the cell formation process called DNA replication. Now, the further the cycles of DNA replication a cell line goes through, the more mistake is to be expected. that at some point, somewhere, a replication fault will be made somehow! However, the truth is that a huge majority of these so called errors or slips if you like, will be harmless at the end. On the other hand, the truth that we must not overlook is that the more mistakes you have, the more likely that at some point, someplace one of those mistakes will be harmful! Okay, you may say. one harmful mistake need not be the end of the world, but then again, there s an obstinate, snowballing effect to this: yes, look at it this way, there are some of the copying mistakes we make that will make our copying and proofreading mechanisms more error-prone themselves, and the implication is that it will lead to more mistakes. So,...
