Very useful to any or all group of men and women. It is written in basic words instead of difficult to understand. I realized this ebook from my i and dad recommended this publication to understand.

Green Writers Press, United States, 2017. Paperback. Condition: New. Jeff Danziger (illustrator). Language: English . Brand New Book. What were you thinking? Donald Trump as our president? You re kidding, right? Vermont has withstood the Revolution, a New York invasion and the New Hampshire Land Grants and will assuredly survive the next few years under the Washington axis of evil, a.k.a. the Trump Administration, Congress and Supreme Court. We are a small state with a history of making a large impact. We banned billboards and went to great lengths to protect our natural resources, as well as our natural beauty. We ll be damned if we re going to let a man who dyes his hair, cheats workers and has his products made in China dictate to us how life should be. Life in Vermont is already great. A man who lies as easily as the average Vermonter catches fish is not someone we re going to spend much time listening to. That said, we recognize that we can t ignore him and his actions. Then again, he won t be able to ignore us, either. We re little, but we re loud, and we re not afraid to elect New Yorker, Bernie Sanders, to carry our message nationwide. Mr. Trump may see himself as a western version of Vladimir Putin, but we don t see him as such. He s just a bully used to stiffing banks (Vermonters make their payments), stiffing his subcontractors (we pay them, because we re related to most of them), and treating women poorly (we just know better). Short of seceding from Union (we ve already tried that to no avail), you can be sure that we re not just going to sit back and be bullied, stiffed, railroaded, and abused. That s not...
