ALPHA A GREEK PRIMER, INTRODUCTORY TO XENOPHON (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Alpha a Greek Primer, Introductory to Xenophon The publication of a second edition has given an opportunity to correct obvious errors, and to make some important improvements. The general plan of the work, however, has met with such full and uniform commendation from teachers of experience, that the author has ventured upon no radical changes. Younger teachers will pardon a few suggestions: 1. In giving out a new lesson take sufficient time to go over it with the student, showing him what he is to study, and explaining any special difficulties. 2. When three or four of the lessons have seemed difficult, devote an entire recitation to reviewing them, and require much greater promptness and fluency than when going over the ground the first time. 3. When a lesson must be divided, do not separate the introductory matter from the exercises. Give out the introductory matter and one third of the exercises, both Greek and English, the first day, and the entire lesson the second day. 4. Secure some oral work like that suggested by lessons VIII., IX., and X., each day. Let the student translate the sentences of the review lesson on hearing them read, with his book closed. The author has profited by suggestions from many quarters, and hopes to receive others which may be duly considered before another revision of the Primer is called for.
