This pdf is definitely worth getting. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Here we left it, she said. And he added, Oh, but here too! It s upstairs, she murmured. And in the garden, he whispered Quietly, they said, or we shall wake them. But it wasn t that you woke us. Oh, no. They re looking for it; they re drawing the curtain, one might say, and so read on a page or two. Now they ve found it, one would be certain, stopping the pencil on the margin. And then, tired of reading, one might rise and see for oneself, the house all empty, the doors standing open, only the wood pigeons bubbling with content and the hum of the threshing machine sounding from the farm. What did I come in here for? What did I want to find? My hands were empty. Perhaps it s upstairs then? The apples were in the loft. And so down again, the garden still as ever, only the book had slipped into the grass.
