*This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

BMH BOOKS, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. The oldest book of the Bible, Job, deals with the oldest question of man: why do seemingly bad things happen to good people? Or put another way, if God is good, why is there suffering? A thousand generations have asked this question and their sages have done their best to answer, to make sense of suffering, pain and evil. Part I is 30 short readings one for each day of the month drawn from two sources: the Bible and the wisdom of contemporary sages. In Part II are reflections on the role of pain and suffering in life as told by a man who has lived most of his life with a painful disease. While there are many facets to this complex issue, the conclusion drawn from both the Bible and the sages is this: God is in the midst of crisis and suffering, drawing people to Himself and into His purposes.
