

The Ultimate Fiction Thesaurus - Complete! (Paperback)

Filesize: 9.63 MB

Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The #1 selling thesaurus on Kindle is now available as a handy desk reference! There are a thousand ways to say something and at least a few hundred to express it well. This is not simply another thesaurus but 2 complete writing lessons which aim to shave a year off of your creative development. This is a bold objective but as you go over these devices, in this brief but powerful tutorial, it will train you to think like a novelist. Let s see how this works: First we start with a character description: Bill has grey hair. This is a fine description, and certainly direct, but let s flex our muscles a little more: Bill s hair is salted with grey. Bill s hair is frosted with age. Bill s hair is threaded with silver. Now try these concept words on your own: peppered, streaked, flecked, weeded You can immediately see the limitations of a traditional thesaurus; they are helpful at supplying literal equivalents, such as charcoal for grey, but frequently miss the finer nuances of language. Beyond the inspirational support most books offer, I can assure you that two things, and only two, are guaranteed to improve your writing. These are reading and the act of writing itself. This is a small but unique literary thesaurus that bridges the gap of reading by taking common descriptive devices and words and places them into usable categories that will serve as a ready toolbox for your own writing. This tutorial is ideal for beginning and intermediate fiction writers.
