## MECHANICS OF MATERIALS (COLLEGE OF CIVIL ENGINEERING DISCIPLINES OF THE STEERING COMMITTEE PLANNING MATERIALS)

To get **Mechanics of Materials (College of Civil Engineering disciplines of the Steering Committee planning materials)** eBook, make sure you click the web link below and save the file or get access to other information which might be highly relevant to MECHANICS OF MATERIALS (COLLEGE OF CIVIL ENGINEERING DISCIPLINES OF THE STEERING COMMITTEE PLANNING MATERIALS) ebook.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 279 Publisher: China Construction Industry Pub. Date :2011-08-01 version 1. Mechanics of materials is the College of Civil Engineering disciplines of the Steering Committee to develop a civil and guidance of professional norms. ??one of supporting materials. Editorial Board in accordance with the requirements of materials. combined with the characteristics of civil engineering. the book has retained the domestic raw materials from the particular to the general mechanics. Deep. step by step. learn to understand the characteristics. but also adds a number of experimental and innovative content; not only focus on the integrity and availability of knowledge. but also highlights the practical engineering training; while for large civil engineering features in the understanding of basic theoretical knowledge and mastery. based on the outstanding engineering capability and innovative practical training. reflecting the characteristics of the times. The book is divided into 11 chapters. the main contents include Introduction. axial tension and compression. shear. torsion. bending forces. bending stress. bending. plane stress analysis and strength theory. the combination of deformation. strut stability. energy law . Mechanics of Materials for general professional engineering colleges. and the contents of the book under the scheme to select hours. Book edited by the Professor Shu-Ying Song. and is responsible for the unification of the book draft. Contents: Chapter 1 Introduction 1.1 knowledge points in this chapter the task of mechanics of materials and contents of the study 1.1.1 1.1.2 1.1.3 Mechanics of Materials Mechanics of Materials research methods the task of the basic assumptions of Mechanics of Materials 1.2 1.3 1.3 internal forces and section method. section 1.3.2 about the concept of an internal force method for the degree of force the set...
