

Deterraforming the Planet Earth and Its Homo Sapiens: : Alien or Mega-Donor Conspiracy?

By Rufus O Jimerson, Dr Rufus O Jimerson

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The purpose of this book is to describe the causes of deterraformation and how this process precipitates the terraformation of other worlds. It discusses why billions are being invested in the latter as opposed to the former process. The terrestrial or grounded culprits identified for the drastic climate changes being experienced are greedy polluters and their surrogates who sell representative government to the highest right-wing bidder, as well as extraterrestrials vested in deterraformation of Earth to further extract its resources without interference. It presents Exo-theories that the natural and human causes of global warming are extraterrestrial by design and continuous contact. The history of such contacts is used to explain that mankind's existence is an outcome of numerous extraterrestrial agendas between competing off-world and multi-dimensional beings. This book tackles the question and seeks to extract answers to the causes for global warming from human to extraterrestrial activity. It examines the extent of climate change and its implications for the continuous habitation of mankind on this planet. The book shifts to theoretical constructs for the terraformation of other...
